

My Learning Farm - Recommended Resources

www.mylearningfarm.com | 916-215-1232

This resources page is lovingly curated to support families on their learning journey. Each tool, program, and resource reflects My Learning Farm's commitment to **evidence-based instruction**, **structured literacy**, and **multisensory learning**—approaches that honor how children truly learn.

Many of these resources are ones I use directly with students at My Learning Farm, while others are trusted recommendations for families to use at home as they nurture growth, confidence, and understanding.

Warmly,

Ms. Sara 

Reading Resources

My Learning Farm Reading Instruction

My Learning Farm Reading with Orton-Gillingham®

<https://www.mylearningfarm.com/reading>

Explicit, systematic, and multisensory reading instruction grounded in the Science of Reading. My Learning Farm provides individualized Orton-Gillingham-based support to build strong foundations in:

- Phonemic awareness
- Decoding
- Fluency
- Spelling
- Reading comprehension

Especially supportive for students who learn differently.

Digital & Audio Reading Supports

Ello (Read-Along App)

<https://www.ello.com>

Free options and subscription plans available. Ello listens to children read aloud and provides real-time support for developing readers.

Audible

<https://www.audible.com>

Free trials available; books may be purchased individually or through a subscription. Supports listening comprehension, vocabulary development, and access to grade-level content.

Epic! Digital Library for Kids

<https://www.getepic.com>

Free and subscription options available. A large digital library of high-interest books for independent reading and read-aloud support.

Tonies® Toniebox Audio Player

<https://amzn.to/48BAPxd>

Screen-free audio player that supports listening comprehension, storytelling, and independent engagement with books and stories.

Yoto Player (3rd Generation)

<https://amzn.to/4imtyoh>

Screen-free audio player for stories, music, podcasts, and read-alouds. Supports listening skills and independent access to content.

Speechify (Text-to-Speech Tool)

<https://www.speechify.com>

Free and subscription options available. Converts digital text into audio to support access to grade-level content for struggling readers.

Color Finger Strips for Reading

<https://amzn.to/44ywBnM>

Simple visual tracking tools that help students focus on individual lines of text, support left-to-right tracking, and reduce visual overwhelm during reading.

Professional Organizations & Parent Support

**International Dyslexia Association (IDA)**

<https://dyslexiaida.org>

Evidence-based information, provider directories, parent courses, and advocacy resources.

Yale Center for Dyslexia & Creativity

<http://dyslexia.yale.edu>

Research-driven insights and strengths-based perspectives on dyslexia.

Understood.org

<https://www.understood.org>

Parent-friendly resources for dyslexia, dysgraphia, dyscalculia, ADHD, and executive functioning.

Decoding Dyslexia (National & State Chapters)

<https://decodingdyslexia.net>

Parent-led advocacy focused on structured literacy and dyslexia awareness.

- Base Ten Blocks - <https://amzn.to/4oVtMFo>

Spelling & Vocabulary Resources

Structured Word Inquiry (SWI)

My Learning Farm Spelling Programs We Offer:

All About Spelling (Grades K-12)

A 7-level, Orton-Gillingham-based spelling program that covers over 200 English spelling rules. This program provides explicit, sequential instruction using multi-sensory techniques to develop strong spelling foundations.

Structured Word Inquiry (Grades K-12)

This student-centered method explores spelling through word structure, etymology (word origins), and meaning. It builds deep understanding and connection between words, improving spelling, vocabulary, and reading comprehension.

English Roots (Grades 3-12)

This 5-level program teaches prefixes, roots, and suffixes through multi-sensory strategies to build spelling and vocabulary skills while encouraging critical thinking and deeper word knowledge.

Morpheme (Grades 4-12)

A structured 53-lesson program that focuses on morphological awareness. Students learn Greek and Latin roots, prefixes, and suffixes to increase vocabulary and improve spelling accuracy in word families.

<https://www.mylearningfarm.com>

- \$400-\$625 per month
- Twice weekly, 45-minute 1:1 sessions

Spelling focuses on:

- Bases, prefixes, and suffixes
- Word families and morphology
- Vocabulary, meaning, and spelling development
